Welcome to Kinder Camp!

We are so excited to introduce a new summer program for children entering Kindergarten in the Fall of 2022. This year, we are offering Kinder Camp, which will give our new Kindergarteners a chance to meet older friends and participate in select Summer Camp activities, all while remaining in a familiar environment. Our themed weeks provide students with the opportunity to explore topics through arts & crafts, STEAM, organized games, social emotional learning, and team building activities. We are happy to continue serving the families in our community, and we look forward to seeing you all this summer!
